

EXECUTIVE PROTECTION

DISCREET. ADAPTIVE. WORLDWIDE.

SOCOSIX provides executive protection solutions to high-profile and high-risk clients across the globe. Our agile and responsive teams ensure service deployment usually within hours, not days. We have the capability to assess situations and provide safe and secure outcomes, allowing our clients to operate with confidence in some of the most challenging environments.

CORE CAPABILITIES

SOCOSIX 24/7 GSOC

Our fully staffed, 24/7 Global Security Operations Center (GSOC), delivers real-time monitoring, rapid incident response, and continuous situational awareness anywhere in the world.

Advance Planning & Risk Assessments

We take a proactive, intelligence-led approach to reduce risk before any movement occurs. Our team conducts detailed pre-travel and site-specific assessments to ensure every aspect of an executive's journey is planned, secured, and continuously monitored.

Protective Surveillance

Our Protective Surveillance capabilities are designed to identify, assess, and mitigate threats before they impact the client. Through a combination of experienced personnel and intelligence-led methodologies, we maintain constant situational awareness in both static and mobile environments.

ABOUT OUR TEAM

Our trained teams and agents are drawn from former law enforcement, intelligence agencies, military, and special forces backgrounds, giving us the experience and flexibility to deliver tailored security solutions. Our agents operate with the highest levels of professionalism, discretion, and adaptability, ensuring your people remain protected and able to focus on what matters most.

GLOBAL REACH, LOCAL EXPERTISE

WHO WE ARE

SOCOSIX is a global risk management and protection company. From executive protection and secure journey management to emergency response and crisis management, businesses rely on our services to mitigate risk and protect their people around the world.
