

LABOR SECURITY SOLUTIONS

SAFETY. SECURITY. CONTINUITY.

SOCOSIX provides comprehensive labor and strike security solutions to assist organizations in maintaining safe, secure, and stable operating environments before, during, and after workforce events. Our teams provide customized planning and intelligence-based security support designed around each client's specific requirements.

Workforce Separation Solutions

Our end-to-end program focuses on reducing risk, limiting liability, and safeguarding the workplace throughout every phase of an involuntary termination or reduction in force.

- Risk & Vulnerability Assessments
- Digital Threat Monitoring
- Elevated Security Support
- Outplacement Services & Career Counseling

We are here to help organizations manage multiple high-risk scenarios and provide assistance when both emotions and risks are high.

PROTECTING PEOPLE. PRESERVING OPERATIONS.

WHO WE ARE

SOCOSIX is a global risk management and protection company. From executive protection and secure journey management to emergency response and crisis management, businesses rely on our services to mitigate risk and protect their people around the world.

CORE CAPABILITIES

Employee Separation Services

We provide security support for sensitive and high-risk employee separations, including pre-termination risk assessments, discreet on-site security, and post-termination monitoring to mitigate risk and workplace disruption.

Strike Security Solutions

We provide essential strike security support through trained and experienced personnel to help protect corporate assets and maintain safety, order, and business continuity during labor disputes

Corporate Asset Recovery

Our asset recovery service helps organizations quickly locate, secure, and reclaim company property and equipment to reduce loss, prevent misuse, and protect business continuity during transitions or disruptions.
