A Veteran owned enterprise security risk management company. We protect employees globally, manage security operations, conduct risk assessments, deliver training and embed security EXPERTS throughout the world.

## Global reach, local response

We support our clients with experienced, trained professionals with security and protection backgrounds, investigative expertise and first responder skills gained from their careers with highly respected organizations including:

- |                       |                    |
|-----------------------|--------------------|
| ▪ FBI                 | ▪ Private security |
| ▪ Department of State | ▪ Military         |
| ▪ Law enforcement     | ▪ Fire Services    |

Whether your need is in Milwaukee, Sao Paulo, Paris, Mexico City or New Delhi, our EXPERTS are local and bring familiarity from within the community. They are sensitive to the dynamics effecting people around them and understand the importance of business professionalism in challenging environments.
